All Trinity Catholic High School students will be responsible for completing the IXL Summer Boost: Math. Below is a link to an information guide to get started.

Completion of the IXL Summer Boost: Math will be the first summative grade for Quarter 1. In order to receive full credit students must:

1. Complete the appropriate course work (ex: Geometry students should complete Geometry).
2. Reach a SMART score of at least an 80 in each daily skill (total of 20 skills).
